**COMMANDER'S BLOG**

**Comrades of Post 9960,**

We had a wonderful turn out for the 4th of July. Thanks to everyone that had a part in its success.

We got our freezer repaired for the canteen so thank Comrades Wayne & Lynwood for all they did to keep us up and running. Also, a shout out to the Auxiliary for their donation of a new wine cooler that was donated to them.

A reminder to use your door cards for entry into the canteen please. This helps the bartenders so much, especially on busy nights. All members are supposed to have a card so please get with Dave Burger.

This month marks the 234th birthday of the United States Coast Guard. If you are Coast Guard let me know if you can please help in preparing your celebration.

Volunteers are needed for Wing night and various other events and committees. To make things happen your help is very important.

Stay safe
